QUESTION 1

Three hardware devices need to communicate with the CPU simultaneously. Which of the following will each device need to issue?

- A. DMA request
- B. CON request
- C. Interrupt request (IRQ)
- D. Input/output request (I/O)

Correct Answer: C

QUESTION 2

Mobile computing has become a common necessity for both personal and business transactions. Which device has features similar to a smartphone but usually does not have telephone capabilities?

- A. Portable media player
- B. Netbook
- C. Laptop
- D. Tablet

Correct Answer: D

QUESTION 3

Your company is investigating the possibility of moving its customer service management system to a cloud service provider. The sales rep for the cloud service provider has presented many advantages that would benefit your company. What would be a potential drawback of moving the CRM from your current in-house solution?

- A. If your company's Internet service is interrupted for any reason at any time, you will not have access to the CRM.
- B. More company employees will have access to the system, which could result in unauthorized access to confidential data
- C. Special equipment will need to be purchased and maintained in your office in order to access and maintain the CRM once it is migrated to the hosted cloud service.
- D. Migrating the CRM to the cloud service provider will eliminate several jobs in your customer service department because their job roles will no longer be required.

Correct Answer: A

QUESTION 4

The official CIW Web site has an IP address of 72.44.192.233. Which technology allows Web users to enter the URL www.CIWcert/u/ecl.com in the browser address bar to access the site, instead of having to remember and enter the IP address?

- A. SSL
- B. DNS
- C. HTTP
- D. NNTP

Correct Answer: B

QUESTION 5

John is the network administrator for a small company. The company's network equipment has become outdated, and John has been asked to recommend a plan to update the company's infrastructure. John has read extensively about the many advantages of using cloud-based services. Which of the following is an advantage of cloud-based services that John could cite to support his recommendation?

- A. Unlimited service options and choices
- B. Higher security in a cloud-based environment
- C. Elimination of need for high-speed Internet connection
- D. Elimination of equipment purchase and maintenance

Correct Answer: D
