### QUESTION 1

What is true about planning a project in OUM Manage?

- A. All tasks are executed to the same degree during the Project Execution and Control phase.
- B. There is no distinction between executing and controlling the project and executing and controlling an iteration/phase.
- C. The project plan that is established in the Project Startup phase details each task through the end of the project.
- D. Manage tasks are not included in the project work plan.

Correct Answer: B

Note: Iterative and Incremental OUM recognizes the advantages of an iterative and incremental approach to development and deployment of information systems. Any of the tasks within OUM may be iterated. Whether or not to iterate, as well as the number of iterations, varies. Tasks may be iterated to increase quality of the work products to a desired level, to add sufficient level of detail, or to refine and expand the work products on the basis of user feedback

- B. Easier integration of acquisitions.
- C. It decreases implementation time.
- D. It reduces duplication and focus methods investment on deeper materials
- E. It decreases implementation costs.

Correct Answer: CDE

\*More Cost Effective ?OUM facilitates improved control of project expenses by using a flexible work breakdown structure that allows you to perform only necessary tasks.

Note:The Oracle Unified Method (OUM) is Oracle's standards-based method that enables the entire Enterprise Information Technology (IT) lifecycle. OUM provides an implementation approach that is rapid, broadly adaptive, and business-focused. OUM includes a comprehensive project and program management framework and materials to support Oracle's growing focus on enterprise-level IT strategy, architecture, and governance. Oracle's Global Methods team has packaged OUM to accelerate your IT projects. OUM presents an organized, yet flexible, approach. Its defined, operational framework helps anticipate critical project needs and dependencies. With OUM, you can move efficiently through the IT lifecycle to quickly achieve measurable business results.
