-  **800,000+** Satisfied Customers

QUESTION 1

You have a source material for your policy model that reads as follows:

"Only families who meet the minimum work and education requirement are eligible for the competitiveness credit. A family meets the work and education requirement if all of its members are either gainfully employed or enrolled in a full-time study program. Families in which a member does not meet the requirement but is actively searching for a job can apply for a waiver".

Which statement describes the entity structure that your policy model should have?

- A. The rules will infer the necessary entities by using automatic data types.
- B. Create an entity for "the family member" an entity for "the family", and an entity for "the minimum work and education requirement".
- C. Create an entity for "the family member" and use the global entity.
- D. Create an entity for "the family member" and an entity for "the family".

Correct Answer: B

QUESTION 2

Which two statements about Policy Automation mobile interviews are correct?

- A. OPA Mobile interviews must be defined and deployed separately from web interviews.
- B. OPA Mobile interviews can be used when the mobile device has no internet connection.
- C. OPA Mobile interviews must be downloaded from a special Policy Automation Hub.
- D. OPA Mobile applications require iOS devices.
- E. OPA Mobile applications can be customized using the OPA Mobile SDK.

Correct Answer: CE

QUESTION 3

The policy model you are creating will be used by developers to automate decisions by calling the OPA Determinations API Assess Service.

Which elements of the project data model must be given names?

- A. attributes, entities, and relationships only
- B. attributes, entities, relationships, screens, and forms only

- C. attributes and relationships only
- D. attributes, entities, and screens only
- E. attributes and entities only
- F. attributes only
- G. attributes, entities, relationships, and screens only

Correct Answer: D

QUESTION 4

Which three statements are correct about explanations and audit reports?

- A. Explanations can only be added to the final screen in an interview.
- B. Explanations can be saved, audit reports cannot.
- C. Explanations are automatically saved to a data source when one is available.
- D. Audit reports are automatically saved to a data source when one is available.
- E. Explanations can be shown in a Form, audit reports cannot.
- F. Explanations can be shown on an interview screen, audit reports cannot.
- G. Silent and Invisible tags control the information that is shown in an explanation, not in an audit report.

Correct Answer: AEG

QUESTION 5

You have an interview screen that collects the attribute "the person's age in years". Your customer requires that an error message be displayed if "the person's age in years" is less than 0 or greater than 120. Which option satisfies this requirement?

- A. Set the minimum and maximum values in the Screen Properties. Set the error message text in a validation rule.
- B. Set the minimum and maximum values, and the error message text, on the Interview tab.
- C. Set the minimum and maximum values in validation rules. Set the error message text on the Project tab.
- D. Set the minimum and maximum values on the Interview tab. Set the error message text in a validation rule.
- E. Set the minimum and maximum values, and the error message text, in the Edit Attribute dialog box.

Correct Answer: C
