- C. the employee is required to provide a written of the employee's misconduct
- D. when the employee is intoxicated at work
- E. the employee was intoxicated at work
- F. the employee was late for work or intoxicated at work
- G. when the employee is late for work
- H. the employee was late for work

Correct Answer: AF

QUESTION 4

You are working on a new Policy Automation interview that will load and save data into Service Cloud. You set your Data Mapping Settings to connect to the Service Cloud instance and are using the Data | Output Mapping view in Policy Modeling to create the entities and attributes you want to work with.

You notice that the field "Name" has a red asterisk next to it.

What two statements are correct about what the red asterisk indicates?

- A. You must save a value of this attribute into Service Cloud.
- B. The values for this attribute come from a value list.
- C. This field is required by Service Cloud.
- D. This attribute must be used as the identifying attribute for the entity.
- E. This attribute is currently the identifying attribute for the entity.
- F. This attribute is not yet collected on a screen.
- G. You must infer this attribute.
- H. You must collect this attribute.

I. You must load a value of this attribute from Service Cloud.

Correct Answer: AF
