A. Upload Files

B. Insert/Edit Images

C. Use Resource Manager

D. View Management Links

E. View Control Panel Home Page

F. Use Learning Object Manager

Correct Answer: ABCF

QUESTION 3

Which three statements are true about Instructor Led Training Events/Tracks/Sessions?

A. They can also help to organize VILT and Online Classes and Courses.

B. They let administrators add an entire structure of ILT training to a Job Profile.

C. They help clients to organize Instructor-Led Training based on two levels of client criteria.

D. They permit users to select from multiple session dates when an Event or Track is added to a Learning Plan.

E. They make it easier for administrators to find specific training in the Instructor Led Training menu in the Control Panel.

Correct Answer: ABD

QUESTION 4

Users need a way to filter through all Learning Plans that are displayed in the Learning Plans Dynamic Object to locate the Learning Plan for their job.

How can you set this up?

A. Create a Skill for each job, map the job\'s Learning Plans to the corresponding Skill, and use the Skill as a filter.

B. Create a Job Profile for each job, map the job\'s Learning Plans to the corresponding Job Profile, and use the Job Profile as a filter.

C. Create a Category for each job, map the job\'s Learning Plans to the corresponding Category, and use the Category as a filter.

D. Create a Training Offering for each job, map the job\'s Learning Plans to the corresponding Training Offering, and use the Training Offering as filter.

Correct Answer: A

QUESTION 5

There are six departments in the organization and each department has an administrator responsible for managing the department\'s Web-Based Training. Web-Based Training titles are similar and the administrators need a way to filter in the Control Panel and find the Web-Based Training for their department.

What must you do to meet this requirement?

A. Create a Category for each department, map the department\'s training for the corresponding Category, and use the Category as a filter.

B. Create a Training Offering for each department, map the department\'s training to the corresponding Training Offering, and use the Training Offering as filter.

C. Create an Assignment for each department, map the department\'s training to the corresponding Assignment, and use the Assignment as a filter.

D. Create a Learning Plan for each department, map the department\'s training for the corresponding Learning Plan, and use the Learning Plan as a filter.

Correct Answer: A
