### QUESTION 1

Which of the following should a technician do NEXT after reporting an incident?

- A. Delete the content
- B. Confiscate the PC
- C. Go back to work
- D. Document the incident

Correct Answer: D

When the incident is reported, the best thing to do afterward is to document the details of the incident especially in the hardware case. The documenting of the incident will help determine the cause of the problem and the circumstances in which the problem occurred.
