QUESTION 1

You want to motivate the school to invest in ICT resources. The reason must be based on the ICT Competency Framework for Teachers (ICT-CFT).

Which argument should you use?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. to become the best equipped school in your region.
- B. to improve local economic conditions.
- C. to give the students in your school access to a range of resources and learning experiences.
- D. to meet the expectations of the students and the parents.

Correct Answer: C

QUESTION 2

You teach political science to a class of 20 students. The students are 17 years old. Your school has a computer lab that has access to the Internet.

Your government has an election.

You create a lesson that requires the students to spend the entire day of the election analyzing the election results as they are announced.

You reserve the computer lab for the activity.

You want to ensure that the students can continuously record the election results. The solution must also ensure that the students see the changes to the political map as the results come in.

What should you do?

- A. Have the students input the election results to a spreadsheet application and create charts to present the results.
- B. Have the students use a word processing application to create a table that presents the election results.
- C. Have the students use a spreadsheet application to build a model presenting the election results.
- D. Have the students use a spreadsheet application to import charts from the political parties' Web sites, and then export the charts to a presentation.

Correct Answer: C

QUESTION 3

You plan to lead a class discussion about the persuasive writing examples that the students bring in and to display the examples to the entire class.

Which two ICT resources should you use to achieve this task? (Each correct answer presents part of the solution. Choose two.)

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. a flatbed scanner
- B. a data projector
- C. a monochrome laser printer
- D. a digital camera

Correct Answer: AB

QUESTION 4

You want your students to analyze the costs of running a business.

You plan a visit with your students to a business center that sells business services.

The business center offers the following services.

Printing

Photocopying

Web site design

Document scanning

Word processing and editing.

What should you include as part of your classroom activities?

- A. Give an assignment during which the students will read three case studies about office service businesses. Summarize the students' findings in a word processing document.
- B. Run a research project during which the students will use the Internet to compile a list of prices of various business services.
- C. Run a three-day project during which the students will set up their own office service business at the school and sell business services to the students and the staff.
- D. Run a two-hour project during which you will provide reference information on the cost of equipment, materials, and salaries. Guide the students to use spreadsheets to calculate the costs of a business.

Correct Answer: D

QUESTION 5

You are preparing to teach the second mathematics lesson.

Which two tasks should you perform to ensure that the students benefit most from working in the computer lab? (Each correct answer presents part of the solution. Choose two.)

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Verify that the Internet connection is only available on the teacher's computer.
- B. Verify that the printer has enough paper.
- C. Ensure that the data projector works.
- D. Verify that the computers have the appropriate software installed.
- E. Ensure that the USB drives have free space available.

Correct Answer: CD
