QUESTION 1

Which two statements accurately describe the migration of the A. Datum mailboxes based on the chosen migration method? Each correct answer presents part of the solution. NOTE: Each correct selection is worth one point

A. Mailboxes in Office 365 must be created before you can perform the migration.

B. Calendar items will migrate automatically, C. Contact items will migrate automatically.

D. Task items will migrate automatically.

E. User accounts in Office 365 must be created before you can perform the migration.

Correct Answer: AE

QUESTION 2

Note: This question is part of a series of questions that present the same scenario. Each question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while

others might not have a correct solution.

After you answer a question in this sections, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

You need to recommend a solution to implement the planned change for the email addresses of the New York office managers.

Solution: From the Exchange Online module, run the Set-Mailbox cmdlet and specify the ?mailAddresses parameter.

Does this meet the goal?

A. Yes

B. No

Correct Answer: B

QUESTION 3

You are the Office 365 administrator for a company. Only the administrators group has permissions to create sites in Microsoft SharePoint Online.

You must create a SharePoint Online site that meets the following requirements:

Broadcast product release information to all employees.

Display images and brief descriptions of products.

Ensure that only the marketing manager can modify the site.

You need to create the SharePoint Online site.

Which three actions should you perform in sequence? To answer, move the appropriate actions from the list of actions to the answer area and arrange them in the correct order.

Select and Place:

Actions

Click **Create site** and select Team site.
Click **Create site** and select Communication site.
Connect to the Office 365 SharePoint home page as the marketing manager.
Connect to the Office 365 SharePoint home page as an administrator.
Select the **Topic** site design option.
Select the **Showcase** site design option.

Answer Area

Correct Answer:

Actions

Click **Create site** and select Team site.
Connect to the Office 365 SharePoint home page as the marketing manager.
Select the **Topic** site design option.

Answer Area

Connect to the Office 365 SharePoint home page as an administrator.
Click **Create site** and select Communication site.
Select the **Showcase** site design option.

QUESTION 4

You are the Office 365 Administrator for your company.

You plan to implement a collaboration platform for a company. All 1,000 employees currently use Excel 2010.

You have the following requirements:

All employees must be able to co-author Excel workbooks.

You must minimize the costs associated with any solution.

You need to recommend a solution.

Which solution should you recommend?

A. Implement SharePoint 2013 with Excel Services.

B. Purchase an Office 365 Small Business subscription.

C. Implement SharePoint Online and continue using Excel 2010.

D. Purchase an Office 365 Enterprise EI subscription.

Correct Answer: A

By using Excel Services, you can reuse and share Excel workbooks on SharePoint 2013 portals and dashboards.

QUESTION 5

You have an Office 365 subscription.

Users have either an Office 2013 Click-to-Run installation or an Office 2016 Click-to-Run installation deployed.

You plan to use Microsoft Azure multi-factor authentication to access Exchange Online.

From the Office 365 admin center, you enable Azure multi-factor authentication for all users.

The users report that when they reconfigure their Outlook profile, they do not receive a prompt for Azure multi-factor authentication.

You need to ensure that modern authentication functions for all Outlook clients.

Which two actions should you perform? Each correct answer presents part of the solution.

NOTE: Each correct selection is worth one point.

A. Modify the EnableADAL and the version registry keys for all of the users who have Office 2013 installed.

B. Run the Set-OrganizationConfig cmdlet.

C. Run the Set-AuthConfig cmdlet.

D. Run the Set-OutlookProvider cmdlet.

E. Modify the EnableADAL and the version registry keys for all of the users who have Office2016 installed.

Correct Answer: B
