**QUESTION 1**

You are developing a Windows Store app that uses a canvas object.

When the page loads, a blue rectangle must move across the canvas from left to right.

The following code calls the function to perform the animation:

```
var canvas;
var ctx;
var PositionX = 0;
var PositionY = 10;

window.onload = function () {
    canvas = document.getElementById("canvas");
    ctx = canvas.getContext("2d");
    setInterval("animateShape()", 20);
};
```

You need to create the animateShape function.

How should you complete the relevant code? (To answer, drag the appropriate code segments to the correct locations in the answer area. Each code segment may be used once, more than once, or not at all. You may need to drag the split

bar between panes or scroll to view content.)

Select and Place:

```
PositionX += 1;
PositionX = PositionY + 1;
ctx.scale(canvas.width, canvas.height);
ctx.clearRect(0, 0, canvas.width, canvas.height);
.....
function animateShape() {
    ctx.beginPath();
    ctx.fillStyle = "blue";
    ctx.fillRect(PositionX, PositionY, 100, 100);
}
```

Correct Answer:

```
PositionX = PositionY +1;
ctx.scale(canvas.width, canvas.height);
.....
function animateShape() {
    PositionX += 1;
    ctx.beginPath();
    ctx.fillStyle = "blue";
    ctx.fillRect(PositionX, PositionY, 100, 100);
    ctx.clearRect(0, 0, canvas.width, canvas.height);
}
```

QUESTION 2

You are developing a custom tooltip control that inherits from an existing WinJS tooltip control. The custom control overrides the open () method of the base control to extend the functionality. The following code segment depicts the structure

of the method override.

```
Open: function (type) {
...
}
```

You need to ensure that the base method executes at the start of the override.

Which code segment should you use to call the base method?

- A. this.base.open () ;
- B. this .super.open () ;
- C. base.open() ;

D. this.prototype.open();

Correct Answer: B

QUESTION 3

You are developing a Windows Store app that consumes a file picker object.

You need to reference the object and call it asynchronously. How should you complete the relevant code? (To answer, select the correct code segment from each drop-down list in the answer area.)

Hot Area:

Work Area

```
var fp = 
```

fp.fileType

- window.getSelection.FileOpenPicker();
- window.Selection.FileOpenPicker();
- Windows.Storage.FileOpenPicker();
- Windows.Storage.Pickers.FileOpenPicker();

fp.

- ApplicationExecutionState.then();
- pickSingleFileAsync().then();
- start.this();
- viewMode("Async").storagePicker;

Correct Answer:

Work Area

```
var fp = 
```

fp.fileType

- window.getSelection.FileOpenPicker();
- window.Selection.FileOpenPicker();
- Windows.Storage.FileOpenPicker();
- Windows.Storage.Pickers.FileOpenPicker();

fp.

- ApplicationExecutionState.then();
- pickSingleFileAsync().then();
- start.this();
- viewMode("Async").storagePicker;

QUESTION 4

You need to implement the file storage solution for equipment drivers and updates.

What should you do?

- A. Map the inspector's Documents folder as the default file storage location.
- B. Map the inspector's SkyDrive folder as the default file storage location.
- C. Map a KnownFolder as the local default file storage location.
- D. Use the Live Connect REST API to map a default file storage location.

Correct Answer: B

QUESTION 5

You need to ensure that the custom printer interfaces and the Printer Survey task communicate correctly.

What should you do?

- A. Insert the following code segment at line PM10:

```
self.importScripts("printDriver.js");
```

Insert the following code segment at line PD02:

```
self.importScripts("printerSurvey.js");
```
- B. Insert the following code segment at line PM10:

```
var worker = new Worker("printDriver.js");
```

Insert the following code segment at line PD02:

```
var worker = new Worker("printerSurvey.js");
```
- C. Insert the following code segment at line PM10:

```
self.importScripts("printDriver.js");
```

Insert the following code segment at line PD02:

```
var worker = new Worker("printerSurvey.js");
```
- D. Insert the following code segment at line PM10:

```
var worker = new Worker("printDriver.js");
```

Insert the following code segment at line PD02:

```
self.importScripts("printerSurvey.js");
```

A. Option A

B. Option B

C. Option C

D. Option D

Correct Answer: D
