QUESTION 4

This question requires that you evaluate the underlined text to determine if it is correct.

You are an intern for an IT analyst at a small company. The company plans to implement Microsoft Office 365.

You want to ensure that your environment can support Office 365.

You need to run the "Office 365 management pack" to check deployment readiness.

Instructions: Review the underlined text. If it makes the statement correct, select "No change is needed". If the statement is incorrect, select the answer choice that makes the statement correct.

- A. No change is needed
- B. Setup Assistant
- C. Config 365
- D. Client Updater

Correct Answer: B

The setup assistant provides information for deployment readiness.

Incorrect answers:

Not A: Office 365 Management Pack, which enables you to view all service communications within Operations Manager in System Center. Using this tool gives you access to the status of your subscribed services, active and resolved service

incidents, and your Message Center communications.

Not C: Config 365 will automatically configure Outlook to connect to an Office 365 mailbox and reattach your existing PST files to your new profile.
