QUESTION 1

A VPN

- A. Is required to enable viewing network surveillance video on mobile devices.
- B. Is a network specially optimized to handle video data packets.
- C. Creates a secure tunnel through the network, where your information travels encrypted.
- D. Translates domain names to IP addresses, according to the IPv4 standard.

Correct Answer: C

QUESTION 2

What is the main purpose of the Arctic Temperature Control functionality?

- A. To protect the camera electronics
- B. To protect the camera power
- C. To protect the camera lens
- D. To protect the camera mechanics

Correct Answer: D

QUESTION 3

A customer asks for a fixed mini dome with a DC-iris lens. 2.8-10 mm varifocal lens and wide dynamic range. Which of the following cameras is the only choice to fit all of the requirements?

- A. AXIS P3301
- B. AXIS M3203
- C. AXIS Q1604
- D. AXIS M5014

Correct Answer: A

QUESTION 4

Which is true about P-iris?

- A. The P-iris makes use of a novel p-shaped blade that reduces complexity and cost while maintaining image quality
- B. In bright situations. P-iris limits the closing of the iris to avoid blurring caused by diffraction when the iris opening becomes too small
- C. The P-iris delivers the optimal depth of field by always using the smallest possible aperture for the available lightning
- D. The P-iris makes use of a novel p-shaped blade that allows the iris to react to rapidly changing lighting conditions

Correct Answer: B

QUESTION 5

A varifocal lens

- A. Makes it possible to adjust the focal length like a zoom lens, but requires refocusing after adjusting the focal length.
- B. Allows the depth of field to be adjusted, making it possible to blur out the background for privacy protection or reducing distraction.
- C. Can rapidly change focus between a set of predefined positions, making it easy to move between different points of interest in the scene.
- D. Is a lens where the focus can be adjusted, as opposed to a fixed focus lens, making it possible to focus on objects close to the camera.

Correct Answer: A
