QUESTION 1

An editable report has been created with the name triPeople - triRetired - Editable. The report designer wants to allow the user to be able to unretire multiple records. The designer has properly set the query to be editable and has selected the proper state. When the designer goes to the query\'s Advanced tab to set the actions that will be available to the user, he finds that option is not available. What could be the problem?

A. The report has been created from the My Reports Tab.

B. There are no editable fields in the triRetired state so no actions are allowed.

C. The query is of type Report. Queries of type Report cannot be made editable.

D. The record is not editable for that state so no actions are available from the editable query.

Correct Answer: A
