**QUESTION 1**

You want to have a custom utility or JSP report listed in the Reports navigation menu. Which three elements must first be created in the OpenPages repository? (Choose three.)

- A. SiteSync
- B. JSP
- C. Page Template
- D. Job Type
- E. Report Page

Correct Answer: BCE

QUESTION 2

Which two modules from the IBM OpenPages platform enables customers to address a variety of business problems related to Governance Risk and Compliance? (Choose two.)

- A. Governance Compliance Management
- B. Financial Controls Management
- C. Business Process Management
- D. Internal Audit Management

Correct Answer: BD

QUESTION 3

A user requires the ability to create child Processes directly associated to parent Business Entities in the application. Which minimum Security Access Control Permissions should the administrator grant to the user's role template?

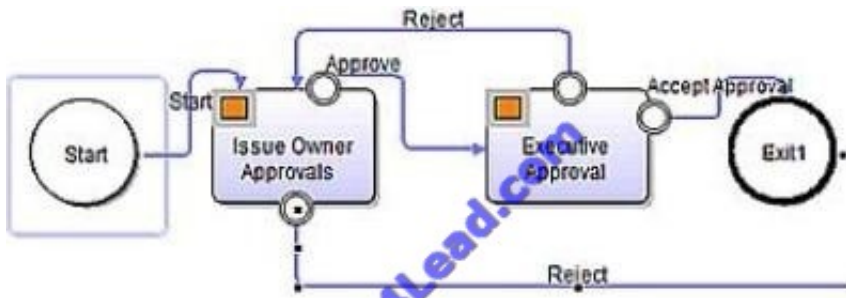

- A. Grant read access on the Entity; grant read/write/associate access on the Process.
- B. Grant read/write access on the Entity; grant read/write/associate access on the Process.
- C. Grant read/write/associate access on the Entity; grant read/write access on the Process.
- D. Grant read/associate access on the Entity; grant read/write/associate access on the Process.

Correct Answer: B

QUESTION 4

Click the Exhibit button.

This is a portion of a workflow job type for Issue Approval. It contains a start node, two task nodes, and an exit node. Assume that the tasks are assigned to users who will perform the necessary approvals for an issue being remediated in OpenPages. Assume that the labels shown here are the same as the labels in the user's locale in OpenPages.

Referring to the exhibit, when the executive goes to complete the user's Executive Approval task from the TaskDetails page in the OpenPages user interface, which settings would be available to the end user?

- A. Accept, Complete, Reassign
- B. Approve, Reject, Reassign
- C. Accept Approval, Reject, Reassign
- D. Accept Approval, Reject, Decline

Correct Answer: C

QUESTION 5

You want to create a new top level Business Entity because it currently does not have any parent business entities. What should you do?

- A. Go to the detail page of an existing Business Entity, click on Business Entities under the Associations list and select "Add a new business entity" under the Actions menu.
- B. Navigate to the Business Entity folder list view, by selecting Business Entities under the Organization top level menu. Once there you can click on the "add new" button to create the Business Entity.
- C. Go to the detail page of an existing Business Entity, click on Business Entities under the Parents list and select "Add a new business entity" under the Actions menu.
- D. Navigate to the Business Entity filtered list view, by selecting Business Entities under the Organization top level menu. Once there you can click on the "add new" button to create the Business Entity.

Correct Answer: D
