QUESTION 1

Jeff is setting up his status XPage so that it displays graphical status indicators based on the data being displayed. He has not received the images from his customer yet. What can he do to continue developing the application while waiting for the images to be delivered?

- A. Select the null image when adding the image control to the Xpage.
- B. Select Use an image placeholder when adding the image control to the Xpage.
- C. Select the placeholder image from Image Resources in the application navigator.
- D. Select the Determine Later option when adding the image control to the Xpage.

Correct Answer: B

QUESTION 2

Yolanda is developing a rental car application using XPages. When she is testing the application, she gets an "Error 500: HTTP Web Server: Command Not Handled Exception" screen in the browser. Unfortunately, this error message does not give any details of what has happened. What can she do, do get more detailed error messages?

- A. Turn on "Advanced Debug Information" in the properties of the XPage in question.
- B. Turn on "Display default error page" in the "Errors and Timeout Section" of the XPages Tab in the Application Properties.
- C. Turn off "Display default error page" in the "Errors and Timeout Section" of the XPages Tab in the Application Properties and select "Serverdefault" instead.
- D. There is no way to get more detailed information automatically. Hence Yolanda has to implement her own JavaScript Error Code, which mayoutput debug data to the browser.

Correct Answer: B

QUESTION 3

Lisa wants a confirmation before the document, which was edited in an XPage, is submitted and saved. How can she accomplish this task?

- A. She puts a Confirmation Button Control on the XPage.
- B. She puts a Button Control on the XPage and selects Confirmation Action from the Add Action dialog box.
- C. She puts a Button Control on the XPage, adds a Confirmation Action through "Add Action ...", and adds the "Save Document" simple action.
- D. She puts a Button Control on the XPage, adds a group to the Simple Action panel, opens the group, addsa Confirm Action to the group, enters the text for the prompt, and then adds the Simple Action "Conditional Save Document" to the

group.

Correct Answer: C
