**QUESTION 1**

Which of the following activities are executed by JControl? (Choose three)

- A. In an AS ABAP+Java (Dual Stack) system: Start the ABAP Dispatcher.
- B. Start one or more server processes as JLaunch processes.
- C. Synchronize binaries.
- D. Start the Java Message service.
- E. Connect to the Central Service Instance.

Correct Answer: BCE

---

**QUESTION 2**

You are running a landscape of AS ABAP-based SAP systems. What can be copied using client copy tools? (Choose three)

- A. Application data without client-specific Customizing
- B. User master records
- C. Customer-specific repository objects
- D. Cross-client Customizing for remote client copy
- E. Client-specific Customizing without application data

Correct Answer: BDE

---

**QUESTION 3**

Which of the following statements regarding the client concept and the client copy tools in ABAP- based SAP Systems (for example, SAP ECC) are true? (Choose three.)

- A. Clients can be copied within a single SAP System.
- B. Application data can only be copied from one client to another, when all client-specific customizing is also copied.
- C. User master records cannot be copied between clients.
- D. Clients can be copied between SAP Systems of the same release.
- E. Client-independent customizing is always automatically copied between clients.

Correct Answer: ABD

---

**QUESTION 4**

In the MOUNT mode of an Oracle instance, the administrator can do which of the following? (Choose two.)

- A. Change the ARCHIVELOG mode of the database.
- B. Perform a media recovery.
- C. Access the Oracle DBA\_\* views in tablespace SYSTEM.
- D. Recreate the missing control file.

Correct Answer: AB

---

**QUESTION 5**

You are running an AS ABAP-based SAP system. You have changed a dynamically switchable profile parameter in transaction RZ11 (Maintain Profile Parameters). These settings become effective immediately. You want to make sure that the new settings are still valid after the next restart of your system.

How do you fulfill this requirement?

- A. No further steps are necessary in this scenario.
- B. Maintain the same profile parameter in transaction RSPFAR (Display Profile Parameter).
- C. Mark check box "Activate in profile" in transaction RZ11.
- D. Maintain the same profile parameter in transaction RZ10 (Edit Profiles) and activate the changes.

Correct Answer: D
