QUESTION 1

Which type of application is represented by virus scanning software, email clients, and word processing software?

A. Horizontal

B. Mobile

C. Enterprise

D. Legacy

Correct Answer: A

QUESTION 2

Why is it possible for Object-based Storage Devices (OSD) to achieve massive scale without significant performance impact?

A. OSD uses solid state drives exclusively

B. OSD distributes data management across clustered nodes

C. Data organization is hierarchical by Object ID (OID)

D. Data organization is flat by Object ID (OID)

Correct Answer: D

QUESTION 3

You are designing a new VDC and are planning to use iSCSI for storage connectivity from the hypervisors. The network infrastructure is 10 Gigabit Ethernet, and the storage system can support multiple NICs.

Your networking design on the storage system must provide the highest level of performance, security, and fault tolerance.

What should you recommend?

A. Bond the NICs together and connect them to different aggregation layer switches.Configure a separate VLAN for the iSCSI traffic.

B. Leave the NICs independent and connect them to different aggregation layer switches. Configure a separate VLAN for iSCSI traffic on each NIC.

C. Bond the NICs together and connect them to different access layer switches. Configure a separate VLAN for the iSCSI traffic.

D. Leave the NICs independent and connect them to different access layer switches. Configure a separate VLAN for iSCSI traffic on each NIC.

Correct Answer: A

QUESTION 4

Why is the need for host-based agents a disadvantage in a block storage virtualization environment with on-of band virtualization appliance?

A. Capacity limitations

B. Management complexity

C. Performance concerns

D. Functional limitations

Correct Answer: C

QUESTION 5

What are two important Privacy by Design in Practice principles of an ILM strategy?

A. Visibility and transparency

B. Minimizing the data collected and role separation

C. Create trust groups and purpose-built storage arrays

D. Masking policies and data shredding

Correct Answer: B
