QUESTION 1

A customer is looking for the following requirements to replicate data:

Entire /backup directory replicated

All user accounts and password are replicated

Full system data replication mirror

Which type of replication meets the customer's requirements?

A. Collection

B. Directory

C. Pool

D. Snapshot

Correct Answer: A

QUESTION 2

An EMC Data Domain customer has configured replication of four directories created under the /data/col1/ backup MTree with the following configuration: NFS Exports /data/col1/backup/Engineering /data/col1/backup/Oracle CIFS Shares /data/col1/backup/Operations /data/col1/backup/HR They want to achieve the following:

1.

Move these directories to MTrees

2.

Consolidate the directories, where possible, to minimize the number of MTrees

3.

Create new replication contexts

They do not plan to change the protocols used to access these locations.

Which MTree setup will support this configuration change?

A. Consolidate directories (Engineering and Oracle) to one MTree Consolidate directories (Operations and HR) to one MTree

B. Rename the entire/data/col1/backup MTree to /data/col1/IT

C. Consolidate directories (Engineering, Oracle, and Operations) into a single MTree Convert the HR directory into its own MTree

D. Consolidate all directories into a single MTree

Correct Answer: A

QUESTION 3

A customer is deploying an EMC Data Domain system for virtual tape library emulation and uses barcode labeling of AAA000LB.

How many tapes can be created with this specification?

- A. 100
- B. 999
- C. 1,000
- D. 9,999

Correct Answer: C

QUESTION 4

Refer to the Exhibit.

On the EMC Data Domain system, what is the approximate amount of data sent to the system on March 2nd?

- A. 14 GiB

- B. 16 GiB
- C. 20 GiB
- D. 24 GiB

Correct Answer: D

QUESTION 5

What is a benefit of EMC Data Domain Boost?

- A. Improves deduplication over VTL
- B. Eliminates the need for replication between two Data Domain systems
- C. Improves performance with advanced load balancing and failover
- D. Does not require a software license

Correct Answer: C
