QUESTION 1

With application license control enabled for all applications, where can an administrator find a detailed report on application license usage?

- A. In Usage Tracking
- B. In Instant Reports
- C. In Modification Log
- D. In Workspace Analysis

Correct Answer: A

QUESTION 2

What RES Workspace Manager feature must an administrator use to monitor if users save files to the local hard drive of their computers?

- A. Read-Only Blanketing in Enabled mode
- B. Read-Only Blanketing in Learning mode
- C. Files and Folder Security in Enabled mode
- D. Files and Folder Security in Learning mode

Correct Answer: B

QUESTION 3

To create exceptions for Workspace Containers you can add the exception to the global setting

1.
In the Workspace Model
 2.
At the feature itself
 3.
In the Workspace Model Overview
- A. 1 and 2
 - B. 2 and 3
 - C. only 1

D. 1, 2 and 3

Correct Answer: A

QUESTION 4

The SQL Server logging shows that new connections are refused on a regular basis because the SQL Server has reached the maximum amount of concurrent connections. As a result configuration changes are not replicated to all of the Agents in time because they cannot connect to the database. What needs to be done to prevent this from happening and make your infrastructure more scalable for the future while still maintaining a single point of configuration for the RES Workspace Manager environment?

- A. Deploy Relay Servers and configure the Agents to connect to the database indirectly (through those Relay Servers)
- B. Split the Datastore and have logging and tracking saved to a secondary database
- C. Create a new database and let half of the total number of Agents connect to the new database
- D. Migrate the database to a database server hosted on two or more clustered machines

Correct Answer: A

QUESTION 5

When using E- Mail Templates with Microsoft App-V, the MAPI profile will be created

- A. On the Microsoft App-V Server.
- B. On the user's home drive.
- C. In the virtual environment.
- D. In the Datastore.

Correct Answer: C
