**QUESTION 1**

A company is planning to install the Microsoft Dynamics NAV RoleTailored client on multiple client computers. Some client computers run a 32-bit operating system while others run a 64-bit operating system. You need to select a Group Policy setting to ensure that the client application is deployed to all client computers.

Which option should you select?

- A. Include OLE information when you deploy applications
- B. Auto-install this application by file extension activation
- C. Make 32-bit X86 Windows Installer applications available to Win64 computers
- D. Maximum

Correct Answer: C

QUESTION 2

You have a project with multiple funding sources. You need to set up the allocation of funds in the project contract. How many funding sources can you select for rounding off the differences?

- A. one funding source for rounding off the differences is automatically selected and cannot be changed
- B. all funding sources on the project contract
- C. only the funding source with the lowest fund allocation percentage
- D. only the funding source with the highest or equal fund allocation percentage

Correct Answer: D

QUESTION 3

Which three statements about on-account invoices are true? (Each correct answer presents part of the solution. Choose three.)

- A. On-account invoices must specify a project date.
- B. On-account invoices can be created by using an invoice proposal.
- C. On-account invoices can only be used for external project types.
- D. On-account invoices can be used for both fixed-price and time and material projects.
- E. On-account invoices can specify offset transactions when used for fixed-price projects.

Correct Answer: ABD

QUESTION 4

What is the difference between advanced and simple internal projects?

- A. Advanced internal projects can track expense transactions; simple internal projects cannot.
- B. Advanced internal projects can use work in process (WIP) to post costs; simple internal projects cannot.
- C. Advanced internal projects can track hour transactions; simple internal projects cannot.
- D. Advanced internal projects allow on-account posting; simple internal projects do not.

Correct Answer: B

QUESTION 5

You set up project management and accounting. You need to represent the types of costs and revenues that are defined for all projects in your entire organization. Which item should you create to organize categories?

- A. shared category
- B. expense category
- C. project category
- D. category group

Correct Answer: D
