QUESTION 5

You work as a Network Administrator for Net Perfect Inc. The company has a Linux-based network. You have created a folder named Report. You have made David the owner of the folder. The members of a group named JAdmin can access the folder and have Read, Write, and Execute permissions. No other user can access the folder. You want to ensure that the members of the JAdmin group do not have Write permission on the folder. Also, you want other users to have Read permission on the Report folder. Which of the following commands will you use to accomplish the task?

- A. `chmod 777 report`
- B. `chmod 754 report`
- C. `chmod 555 report`
- D. `chown david.jadmin report`

Correct Answer: B
