QUESTION 1

An administrator wants to integrate Site Recovery Manager (SRM) with RecoverPoint. Where should the RecoverPoint storage replication adapter be installed?

- A. On the same servers running VCenter and the SRM service
- B. On servers running SRM service only
- C. On servers running VCenter only
- D. On a newly installed server

Correct Answer: B

QUESTION 2

In order to automatically provision Journal volumes, what does RecoverPoint require when this feature is used?

- A. Dedicated Resource Pools
- B. Dedicated RecoverPoint Appliance
- C. Consistency Group for each Journal volume
- D. Total volume count must be less than 8, 000

Correct Answer: A

QUESTION 3

A RecoverPoint administrator is failing over a Consistency Group including two non-production copies. What will be the replication state between the new production and former production when the administrator selects "Set Copy as Production"?

- A. A full sweep is started between the new production and former production
- B. A volume sweep is started between the new production and former production
- C. A short initialization is started between the new production and former production
- D. Replication is paused between the new production and former production

Correct Answer: A

QUESTION 4

After creating a Consistency Group with a local copy, initialization is taking longer than expected. What is a possible reason for this condition?

- A. Limited WAN bandwidth is available to the RPAs
- B. Slow performing storage on the production array
- C. Copy is not attached to the same splitter as production
- D. Size mismatch between the production and the copy volumes

Correct Answer: B

QUESTION 5

Which attributes can affect the Distribution phase of Consistency Groups?

- A. Copy location, WAN bandwidth, and replication type
- B. Change rate of the applications and number of replication sets
- C. Journal volume performance, storage array performance, and copy volume performance
- D. Compression and deduplication settings of the Consistency Group

Correct Answer: A
