#### QUESTION 1

What goal does a customer who plans to implement DevOps have?

- A. to develop a more efficient way to use office space
- B. to enhance the operational efficiency of SQL databases
- C. to use unified communications (UC) to help employees collaborate
- D. to make IT more responsive to developers' needs

Correct Answer: D

---

#### QUESTION 2

What is one imperative for IT in order to support today's new generation of apps and data?

- A. IT must extend change management lifecycles to reduce risk.
- B. IT must be able to scale quickly and seamlessly.
- C. IT must expand the data center footprint.
- D. IT must deploy IoT devices that support next-gen analytic workloads.

Correct Answer: D

---

#### QUESTION 3

You are discussing HPE Hybrid IT solutions with a potential customer. The customer needs help deciding which solutions to keep on-premises and how to make a migration plan. Which key distinguishing feature of HPE should you discuss?

- A. a network of 50,000 professionals and partners with deep application and workload expertise
- B. the HPE Synergy solution, a program that connects HPE customers to trusted cloud providers
- C. machine learning solutions that automatically analyze workloads and determine where they should be deployed
- D. an innovative public cloud that is designed to host all customer workloads securely

Correct Answer: A

---

#### QUESTION 4

A customer states that their company already has a mix of private and public cloud services, and they find it complex to manage. What should you explain about HPE Hybrid IT?

- A. HPE Hybrid IT removes public cloud service from the mix, making the solution easier to control and more scalable.
- B. HPE Hybrid IT provides a unified view of all IT resources, including both on-premises and off-premises resources.
- C. HPE Hybrid IT transforms traditional composable resource pools into pools in which storage and servers scale together.
- D. HPE Hybrid IT helps IT operations spend more time maintaining critical services rather than responding to line-of-business demands.

Correct Answer: B

---

#### QUESTION 5

Which competitive advantage did HPE strengthen with the acquisition of SGI?

- A. its leading position in the highperformance computing (HPC) market
- B. its domination of the modern, mobility-first networking space
- C. its broad range of all flash and hybrid flash storage solutions
- D. its place at the forefront of mid-to-large scale object storage platforms

Correct Answer: A
