QUESTION 1

HOTSPOT

You have a Microsoft 365 subscription that uses Microsoft Teams.

You need to meet the following requirements:

1.
Users must be able to join meetings by dialing a phone number.
2.
Users must be able to apply custom branded meeting lobbies.
3.
Auto attendants and call queues must be implemented.

Which Microsoft Teams feature should you configure for each requirement? To answer, select the appropriate options in the answer area.

NOTE: Each correct selection is worth one point.

Hot Area:

Join meetings by dialing a phone number:

	▼
Calling Plans	
Audio Conferencing	
Microsoft Teams Rooms	
Advanced Communications	

Implement auto attendants and call queues:

	▼
Calling Plans	
Communication credits	
Microsoft Teams Rooms	
Advanced Communications	

Apply custom branded meeting lobbies:

	▼
Communication credits	
Microsoft Teams Rooms	
Advanced Communications	
Microsoft 365 Audio Conferencing	

Correct Answer:

Join meetings by dialing a phone number:

	▼
Calling Plans	
Audio Conferencing	
Microsoft Teams Rooms	
Advanced Communications	

Implement auto attendants and call queues:

	▼
Calling Plans	
Communication credits	
Microsoft Teams Rooms	
Advanced Communications	

Apply custom branded meeting lobbies:

	▼
Communication credits	
Microsoft Teams Rooms	
Advanced Communications	
Microsoft 365 Audio Conferencing

QUESTION 2

You have a Microsoft 365 subscription that uses Microsoft Teams.

You plan to implement Microsoft Teams Rooms. The solution must meet the following requirements:

1. Support Microsoft Teams Rooms, Microsoft Surface Hub, and collaboration bars for Microsoft Teams.
2. Ensure that Microsoft manages firmware and application updates for room systems and peripherals.
3. Ensure that Microsoft monitors and troubleshoots room system and peripherals. Which license should you purchase?
 - A. Advanced Communications
 - B. Microsoft Teams Rooms Premium
 - C. Microsoft Teams Rooms Standard

D. Microsoft 365 Business Voice

Correct Answer: B

QUESTION 3

You work as a Systems Administrator for your company. The company has recently purchased a subscription to Microsoft 365. All users in the company have a Microsoft 365 E3 license.

All users in the company use Microsoft Teams for collaboration.

The company has a large Sales department. A distribution group named Sales contains all the user accounts of the users in the Sales department.

You need to create a team in Microsoft Teams for the Sales department users. You want to minimize administrative effort by creating the Team from the Sales group.

What should you do first?

- A. Configure a membership rule for the group.
- B. Convert the group to a universal security group.
- C. Convert the group to a global security group.
- D. Convert the group to an Office 365 group.

Correct Answer: D

QUESTION 4

You have a Microsoft 365 subscription that uses Microsoft Teams.

Users report that when they attempt to add a third-party app named App1 to the Microsoft Teams client they receive the following message: "App1 needs permission to access resources in your organization that only an admin can grant.

Please ask an admin to grant permission to this app before you can use it".

You need to ensure that the users can add App1 without receiving the message.

What should you do in the Microsoft Teams admin center?

- A. Create a new app permission policy.
- B. Modify the Org-wide app settings.
- C. Modify the Org-wide permissions for App1.

D. Create a new app setup policy.

Correct Answer: C

Grant org-wide admin consent to an app If you're a global admin, you can review, and grant consent to apps that request permissions on behalf of all users in your organization. You do this so that users don't have to review and accept the permissions requested by the app when they start the app.

QUESTION 5

You have a Microsoft Office 365 subscription that contains a user named User1.

You need to ensure that User1 can view Analytics and reports in the Microsoft Teams admin center. The solution must use the principle of least privilege.

Which role should you assign to User1?

- A. Usage Summary Reports Reader
- B. Skype for Business administrator
- C. Global reader
- D. Teams Device Administrator

Correct Answer: A
