QUESTION 3

A claims framework contains two rulesets, ClaimsFW and ClaimsFWInt, and an application built on the framework contains two rulesets, Claims and ClaimsInt. Which statement is false if all the rulesets are configured as Application Validation?

- A. Rules in ClaimsFWInt can reference rules in ClaimsFW
- B. Rules in Claims can reference rules in ClaimsFW
- C. Rules in ClaimsInt can reference rules in Claims
- D. Rules in ClaimsFW can reference rules in Claims

Correct Answer: D

QUESTION 4

A travel reservation servicing case includes a service level for responding to requests. The service level intervals vary according to passenger status, class of service, and fare type. Which implementation satisfies this requirement?

- A. Create a single property circumstanced rule and a when rule
- B. Create a multivariate circumstanced rule and a when rule
- C. Create a multivariate circumstanced rule, a circumstance definition, and a circumstance template
- D. Create a single property circumstanced rule

Correct Answer: A

QUESTION 5

A claims management application sends notifications based on the type of damage. Each notification includes a privacy statement, which varies by country.

Which implementation satisfies this requirement?

- A. Create a multivariate circumstanced rule, a circumstance definition, and a circumstance template.
- B. Create a multivariate circumstanced rule and a when rule.
- C. Create a single property circumstanced rule and a when rule.
- D. Create a single property circumstanced rule.

Correct Answer: A
