QUESTION 1

SIMULATION

Project 4 of 7: Member

Overview

You are preparing a letter to museum members announcing a new exhibit and urging them to renew their membership.

Use a Word feature to replace each occurrence of the text "patrons" with "members".

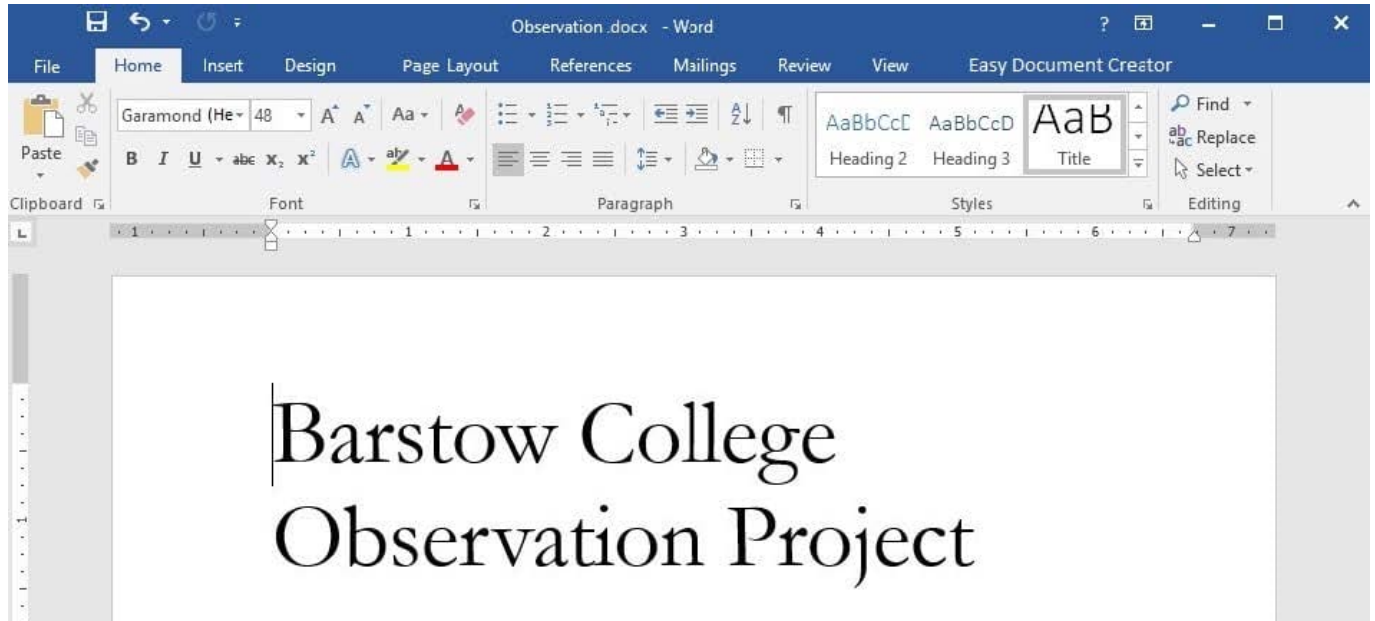

A.

Correct Answer: See the explanation below.

QUESTION 2

SIMULATION Project 1 of 7: Observation Overview You are a member of the Barstow College Observation Project committee. You are preparing the initial

summary report for this year's count, but have not received all of the data you need to complete the report.

Introduction

The multi-departmental Wildlife Observation Project has completed its wildlife population counts for this year. The counts were made between May 5 and May 7 for both the wilderness and cultivated land areas. This is in line with the count periods for all previous years. The species used for the counts have been identified as common for the region (central Missouri) in which the counts were taken. (Author, 2009) As in previous years, five observation blinds were set up two weeks before the counts were to take place. Counters worked eight-hour shifts providing 24-hour coverage of the count areas for two days. Weather for both observation days was clear and mild (varying between 50-70 degrees F).

The results presented here are summary total results only, which counts from five and ten years ago provided for comparison. Detailed observation results will be available as soon as they are completed. We estimate that they will be available some time in the next two weeks.

Wilderness Summary

The wilderness observation area is a five-acre section of unimproved forest land. The most common trees in the area are maple, red oak, cedar, sweet gum, and hickory. The area also includes a small spring. The

area is not enclosed by a fence or other man-made barrier.

The area is located eight miles from the nearest paved road and twelve miles from the nearest residence.

Off-road vehicles were used to bring counters close to, but not entering, the count area. The nearest approach by off-road vehicles was one mile.

The table below lists the summary counts.

Species	Current Count	Five years ago	Ten years ago
White-tailed deer	14	12	10
Cottontail rabbit	26	28	25
Swamp rabbit	0	0	2
Mourning dove	18	59	102
Bobwhite quail	5	22	27
Eastern gray squirrel	23	20	31
Fox squirrel	6	11	9
NOTE TO REVIEW COMMITTEE: Don't you think it's time we finally drop the swamp rabbit from the count as an anomaly?			

Though further research any analysis is needed, the drop in mourning dove and bobwhite quail counts could be significant. The detailed count data shows these numbers failing off each year.

Cultivated Land Summary

The cultivated land observation area is a five-acre section of cultivated land near the center of a 50-acre field. The field is used to grow corn, wheat, soybeans, and clover, with the crop rotated annually. In the fifth year of the cycle, the field is left fallow.

The area is located two miles from the nearest paved road and one mile from the nearest residence. A storage barn is located at the southern border of the field.

The table below lists the summary counts.

Additional Notes

This project was initially scheduled to run for ten years, so we are currently in our last year. The committee needs to decide if it is worth the time and expense to continue the project. The landowners have experience that they would be happy to let us continue. Costs relating to the project is minimal and it does provide an opportunity to offer extra credit to students volunteering as counters. A suggestion has been made by some committee members that we should increase the count frequency, counting on a quarterly

schedule instead of an annual schedule. This would need to be coordinated with the owner of the cultivated field so that we do not interfere with planting or harvesting schedules.

Special Thanks

Once again, we would like to offer special thanks to:

We couldn't do this without you.

Merge all cells in the bottom row of the table below the "Wilderness Summary" heading into one cell.

A.

Correct Answer: See the explanation below.

QUESTION 3

SIMULATION

Project 4 of 7: Member

Overview

You are preparing a letter to museum members announcing a new exhibit and urging them to renew their membership.

Apply a Bright Green text highlight to the text string "And you get to see it first!".

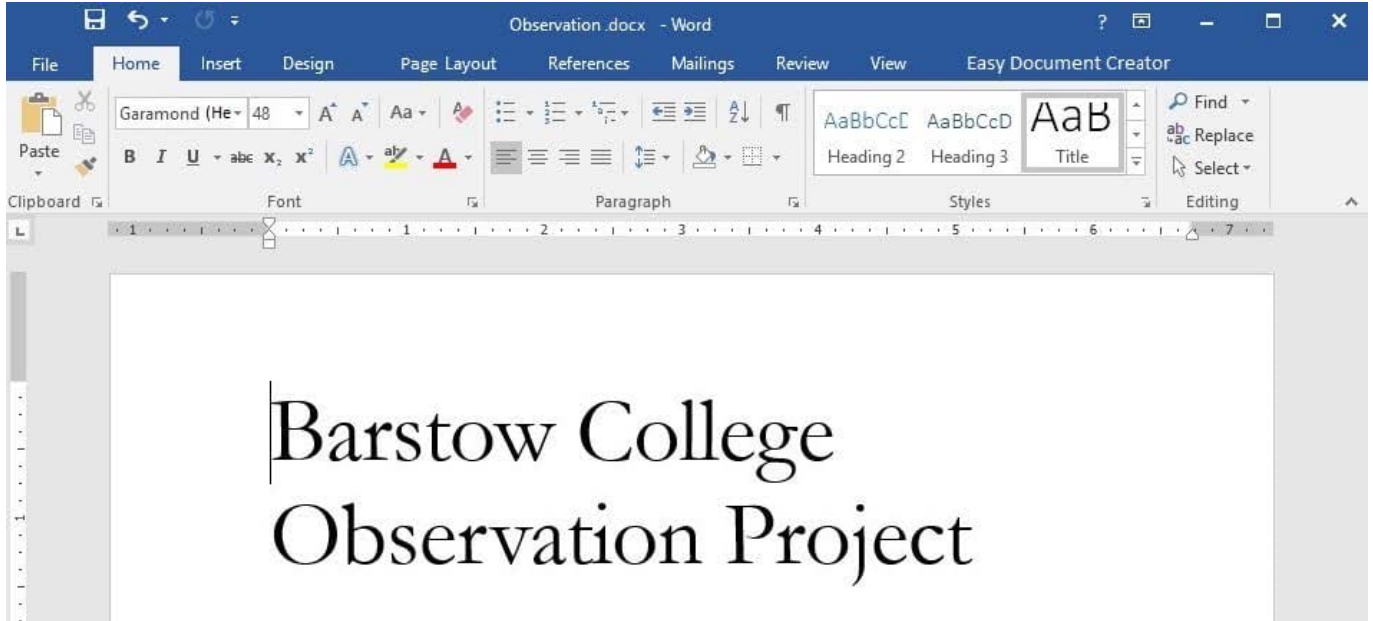

A.

Correct Answer: See the explanation below.

QUESTION 4

SIMULATION Project 1 of 7: Observation Overview You are a member of the Barstow College Observation Project committee. You are preparing the initial

summary report for this year's count, but have not received all of the data you need to complete the report.

Introduction

The multi-departmental Wildlife Observation Project has completed its wildlife population counts for this year. The counts were made between May 5 and May 7 for both the wilderness and cultivated land areas. This is in line with the count periods for all previous years. This would need to be coordinated with the owner of the cultivated field so that we do not interfere with planting or harvesting schedules.

Special Thanks

Once again, we would like to offer special thanks to:

We couldn't do this without you.

Add a Status of "Requires committee review" to the document properties.

A.

Correct Answer: See the explanation below.

QUESTION 5

SIMULATION Project 7 of 7: Coffee Overview You are preparing a flyer for use at a commercial foods trade show. You are editing the document in

response to client requests.

Add the contents of the file contact.docx in the Documents folder below the horizontal line near the middle of the page.

A.

Correct Answer: See the explanation below.

QUESTION 6

SIMULATION

Project 3 of 7: Service

Overview

You are an administrative assistant for Fabrikam, Inc.'s Field Service division. You are preparing the monthly newsletter to be sent out to field service engineers.

The screenshot shows a Microsoft Word document titled "Service.docx" with the ribbon set to "Home". The document content is as follows:

Fabrikam, Inc.

Field Service Notes

This is the last month that we'll be mailing the field service update notes to your office. Starting next month, updates will be available at <http://www.fabrikam.com/>. You will still be responsible for information published in the update!

The document also features an image of a person working on a piece of machinery.

Remember that mileage reimbursement claims must be submitted by the 15th of each month. Save the mileage form as a PDF file and email it to your regional supervisor.

Bonuses are Changing

New Depot Return Process

All offices have received the new tracking form for repair depot returns. Complete the following tasks when returning parts for repair:

Complete all fields in the Field Service section of the form.

Remove the top copy and file it in your office.

Securely attach the form to the part.

Package the part for shipment.

Ship to the home office and clearly label the box "For depot return".

All returns must be shipped to the home office to receive credit. The regional depots will close in two months and will not be accepting return shipments.

Vice President's Corner

NOTE TO SELF: If the VP doesn't provide content by Wednesday, delete this section and put in something generic about customer satisfaction.

Quarterly Results

NOTE TO SELF: This is a placeholder charter. Update the chart after the actual results are available on Monday.

Add the contents of the file return.docx in the Documents folder below the heading "Bonuses are Changing".

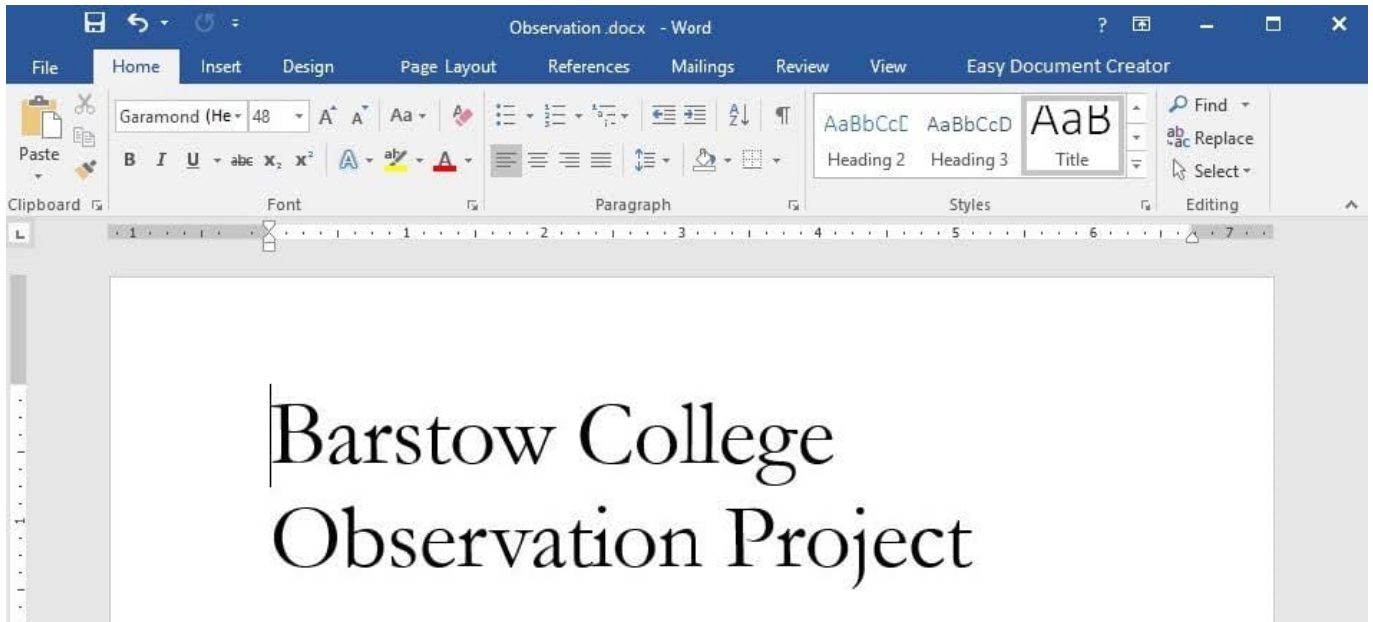

A.

Correct Answer: See the explanation below.

QUESTION 7

SIMULATION Project 1 of 7: Observation Overview You are a member of the Barstow College Observation Project committee. You are preparing the initial

summary report for this year's count, but have not received all of the data you need to complete the report.

Introduction

The multi-departmental Wildlife Observation Project has completed its wildlife population counts for this year. The counts were made between May 5 and May 7 for both the wilderness and cultivated land areas.

This is in line with the count periods for all previous years. The species used for the counts have been identified as common for the region (central Missouri) in which the counts were taken. (Author, 2009) As in previous years, five observation blinds were set up two weeks before the counts were to take place.

Counters worked eight-hour shifts providing 24-hour coverage of the count areas for two days. Weather for both observation days was clear and mild (varying between 50-70 degrees F).

The results presented here are summary total results only, which counts from five and ten years ago provided for comparison. Detailed observation results will be available as soon as they are completed. We estimate that they will be available some time in the next two weeks.

Wilderness Summary

The wilderness observation area is a five-acre section of unimproved forest land. The most common trees in the area are maple, red oak, cedar, sweet gum, and hickory. The area also includes a small spring. The area is not enclosed by a fence or other man-made barrier.

The area is located eight miles from the nearest paved road and twelve miles from the nearest residence. Off-road vehicles were used to bring counters close to, but not entering, the count area. The nearest approach by off-road vehicles was one mile.

The table below lists the summary counts.

Species	Current Count	Five years ago	Ten years ago
White-tailed deer	14	12	10
Cottontail rabbit	26	28	25

This would need to be coordinated with the owner of the cultivated field so that we do not interfere with planting or harvesting schedules.

Special Thanks

Once again, we would like to offer special thanks to:

We couldn't do this without you.

Add a SmartArt Vertical Bullet List below the text "Once again, we would like to offer special thanks to: ".

Add the text "Frank Miller" to the top green shape.

A.

Correct Answer: See the explanation below.

QUESTION 8

SIMULATION

Project 5 of 7: Housekeeping

Overview You are helping to write training program modules for Contoso Suites. You are editing the second module for housekeeping associates.

Contoso Suites

New Hire Training Program

Housekeeping – Part 2

Your primary responsibility as a housekeeping associate is cleaning and restocking guest rooms. This means that you have an important role in ensuring the quality of our guests' stay at Contoso Suites. As you learned in Part 1 of your training, guest recommendations and word-of-mouth are our best advertising, and help to grow our business.

Start of Shift The first thing you should do when you start your shift is check your schedule. The shift supervisor will provide you with a printed schedule listing the rooms for which you are responsible, and a recommended order for cleaning the rooms. Unless an early cleaning is requested by the guest, check-out rooms are given priority so that we can prepare them for the next guests. Use the inventory checklist attached to your cleaning cart to make sure that your cart is fully stocked before you begin your rounds.

We realize that you may not be able clean a room, for example, if a guest requests that you not clean the room. If you are unable to clean a room, you must inform your supervisor.

Room Cleaning When you are ready to clean a room, knock and announce yourself as "Housekeeping." Give the guest sufficient time to respond (10 to 15 seconds). If the guest does not respond, let yourself into the room and begin cleaning. Start by cleaning the common room and sleeping areas. It is best to follow consistent steps when cleaning rooms. This will help to prevent you from missing anything. In the common room and sleeping area:

1.

Pick up and dispose of any trash.

2.

Empty trash cans.

3.

If the guest has checked out, replace the sheets on each bed with fresh sheets.

4.

Make the bed.

5.

Leave a "Contoso Special Treat" on each pillow.

6.

Dust all wooden furniture.

7.

Clean the coffee station (if necessary) and restock coffee, cups, and condiment packs.

8.

Vacuum the common room and sleeping areas.

Do not open the courtesy bar. Checking and restocking the courtesy bar is the shift supervisor's responsibility.

It is important that you give special attention to the restrooms. The most common guest complaint is about restroom cleanliness. We recommend a "top-down" cleaning method for restrooms:

1.

Clean all mirrors.

2.

Clean countertops and sinks.

3.

If damp, wipe down the shower and shower curtain.

4.

If necessary, replace toilet paper.

5.

Replace used towels and wash cloths.

6.

Pick up any trash and empty trash cans.

7.

Sweep the restroom floor and mop if necessary.

Final Check

Make a final check of the room before leaving.

Are the lights turned off?

Are the TV and coffee station turned off?

Is all trash picked up and disposed of?

Is the restroom door closed?

Close the door firmly and make sure that it locks behind you. Text your supervisor with the room number.

End-of-Shift

When you are finished, dispose of all trash in the large receptacles. Drop all sheets, towels, and other lines into the laundry carts. Restock your cart so that it is ready for the next shift. If you have more than 30 minutes left after you have completed your assigned rooms, contact your supervisor for additional assignments.

Please take the online quiz, "Housekeeping Quiz 2", then continue to Housekeeping-Part 3.

Change the bulleted list to Picture bullets based on Check.jpg in the Pictures folder.

A.

Correct Answer: See the explanation below.

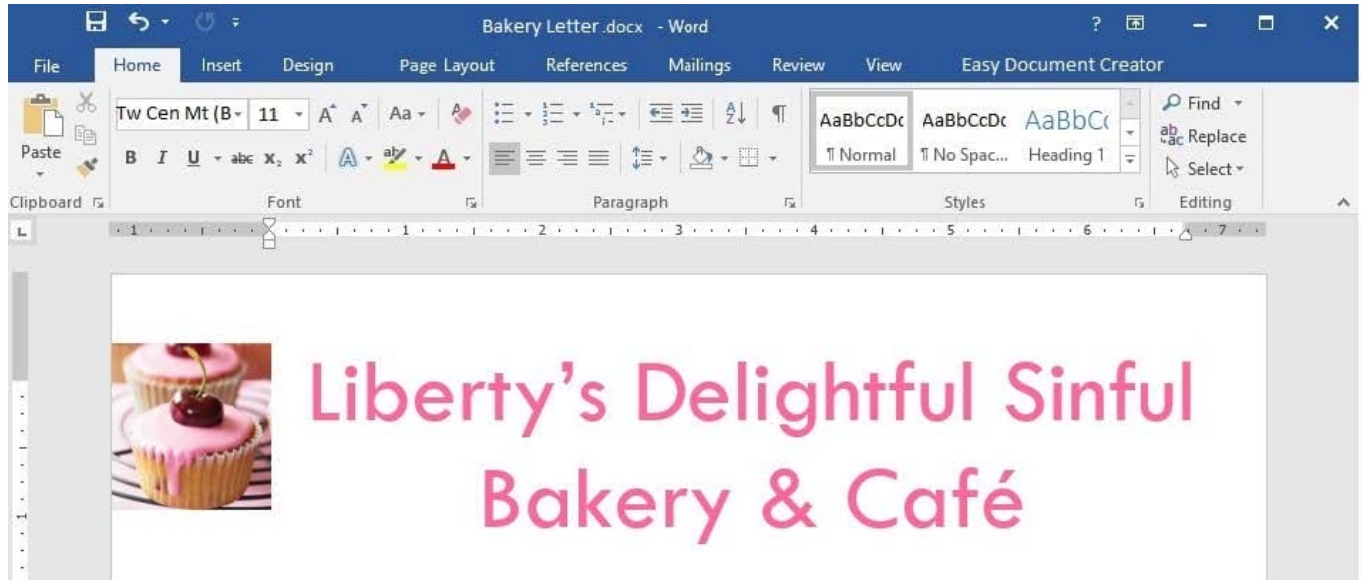

QUESTION 9

SIMULATION

Project 2 of 7: Bakery Letter

Overview

As the marketing manager for Liberty's Delightful Sinful Bakery and Caf? you want to inform local businesses that you will now be providing catering services.

December 31, 2018

CATERING SERVICES ARE NOW AVAILABLE Dear Business Owner: Liberty's Delightful Sinful Bakery and Caf? would like to inform you that beginning next month, we will be providing catering and delivery services in your area. We invite you to look over our lunch catering menu below, and contact us to schedule your next business meeting lunch.

Meal	Price
Box Lunch <i>Includes a signature sandwich, chips, fruit or pasta salad, and a cookie</i>	\$9.95
Signature Salad <i>Includes a signature salad and cookie</i>	\$6.95
Soup and Salad Combo <i>Includes a small soup, full size salad, and cookie</i>	\$8.95
Add-ons <i>20 oz. soda, dessert, chips, pasta or fruit salad</i>	\$1.50-\$2.50

The menu above is a small sample of the options we have available. Liberty's Delightful Sinful Bakery will impress you with excellent service and great food at an affordable price.

We look forward to hearing from you to cater your next meeting.

Sincerely,

Steve Lasker

Owner
